INDEPENDENT AUDITOR'S REPORT

Health Care Central Georgia, Inc. Macon, Georgia

We have audited the accompanying statement of financial position of Health Care Central Georgia, Inc., a non-profit organization, as of June 30, 2010, and the related statements of activities, cash flows and functional expenses for the fiscal year then ended. These financial statements are the responsibility of the management of Health Care Central Georgia, Inc. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Health Care Central Georgia, Inc. as of June 30, 2010, and the changes in its net assets and its cash flows for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 21, 2010, on our consideration of Health Care Central Georgia, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

Health Care Central Georgia, Inc. (the "Organization") is a nonprofit organization established in 2001. The Organization is seeking innovative health solutions and providing compassionate advocacy for people financially compromised by their medical needs, while reducing the burdens on local health providers. The mission is regional integration of whole person healthcare. The vision is better health for all people through communities working together. Its stated purpose is to promote regional integration of whole person healthcare for the uninsured.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Financial Statement Presentation

The accompanying financial statements have been prepared in conformity with the disclosure and display requirements of the Financial Accounting Standards Board (FASB) as set forth in Statement of Financial Accounting Standards No. 117, Financial Statements of Not-for-Profit Organizations, dated June 1993. Accordingly, net assets are reported in the following three classes: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Net assets of the temporarily restricted class are created only by donor-imposed or contract restrictions on their use. All other net assets, including board-designated or appropriated amounts, are legally unrestricted, and are reported as part of the unrestricted class.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Certificates of Deposit

For the fiscal year ended June 30, 2010, investments consisted entirely of certificates of deposit.

Income Taxes

Health Care Central Georgia, Inc. is a nonprofit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010 (CONTINUED)

Property and Equipment

Property and equipment acquisitions are recorded at cost, estimated cost, or if donated, at fair market value on the date of donation. The organization defines capital equipment as items that cost over \$5,000 per unit and have a life expectancy of at least one year. Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight-line method.

Equipment 5 years Software 3 years

Revenue Recognition

Revenues are displayed in two broad categories. Earned revenues represent fees earned or revenue generated through the performance or provision of services.

The Organization recognizes all contributed support received as income in the period received. Contributed support is reported as unrestricted or as restricted, depending upon the existence of donor stipulations that limit the use of the support. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

In-kind Support

The organization receives various types of in-kind support, including contributed services. Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received. Any amounts reflected as in-kind support are offset by like amounts included in expenses. For the fiscal year ended June 30, 2010, no contributed professional services were reported, in accordance with these criteria. The organization did not report any in-kind support for the fiscal year 2010.

Additionally, the Organization receives services donated by its members that do not meet the two recognition criteria described above. Accordingly, the value of this contributed time has not been determined, and is not reflected in the accompanying financial statements.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010 (CONTINUED)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Restricted and Unrestricted Support

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

NOTE 2 – CASH AND DEPOSITS

As of June 30, 2010, the carrying amount of the Organization's deposits was \$190,901 and the bank balance was \$249,338.

Accounts at an institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. As of June 30, 2010 all accounts are fully insured by the FDIC.

NOTE 3 – GRANTS RECEIVABLE

Grants receivable represent funds earned for the period ending June 30, 2010, which have not been received. All grants receivable are considered earned support and are expected to mature in the next fiscal year. Based upon management estimates, no allowance for uncollectible receivables has been provided.

NOTE 4 - TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets consisted of the following at June 30, 2010:

Houston Health Care	_\$	49,498
Total temporarily restricted net assets	\$	49,498
,		

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010 (CONTINUED)

NOTE 5 – PRIOR PERIOD ADJUSTMENT

The Organization has determined that a restatement of net assets is required to properly reflect prior year deferred revenues in the amount of \$163,951 and properly classify net assets.

	Un	restricted	Temporarily Restricted		
Net Assets June 30, 2009, as previously stated Assets released from restrictions Reduction of deferred revenues	\$	474,113 68,963	\$	(68,963) 163,951	
Net Assets, June 30, 2009, as restated	_\$	543,076	\$	94,988	

NOTE 6 – CLAIMS AND LITIGATION

In the ordinary course of conducting business, the organization may become involved in lawsuits, administrative and other proceedings. The organization's attorney has advised that there are no known potential liabilities that will impair the organization's financial position as of the date of this report.

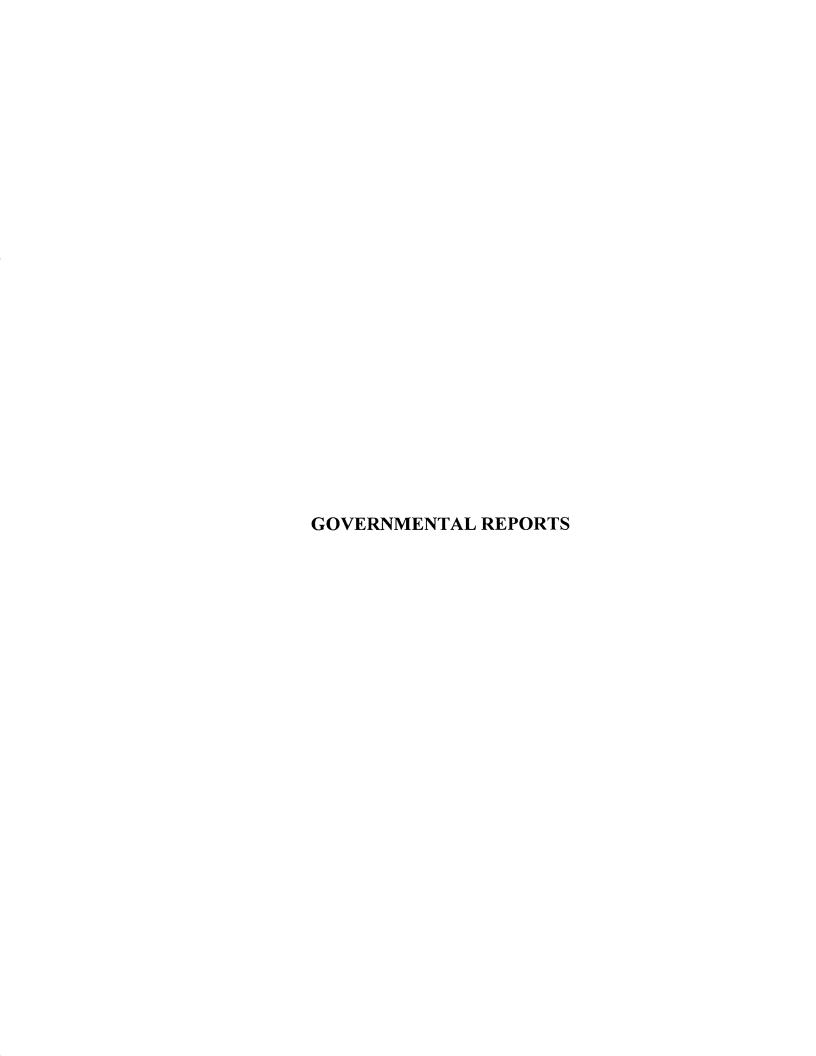

NOTE 7 – INCOME TAXES

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except on net income derived from unrelated business activities. For the year ended June 30, 2010, the Organization is taking the position that all income is derived as a result of its tax exempt purpose and there is no income derived form unrelated business activities. As a result, no tax liability has been recorded. The Organization believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

NOTE 8 - EVALUATION OF SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through December 21, 2010, the date which the financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Health Care Central Georgia, Inc. Macon, Georgia

We have audited the financial statements of Health Care Central Georgia, Inc. (a non-profit organization) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 21, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Health Care Central Georgia, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Health Care Central Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Health Care Central Georgia's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Board of Directors Health Care Central Georgia, Inc. Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Health Care Central Georgia, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Health Care Central Georgia, Inc. in a separate letter dated December 21, 2010.

This report is intended solely for the information and use of the audit committee, management, and the Board of Directors of Health Care Central Georgia, Inc. and is not intended to be and should not be used by anyone other than these specified parties.

Macon, Georgia December 21, 2010
